Why

OCEANR

- OCEANR partnered with SECORE International, a leading organization in coral reef restoration, to **design and produce sustainable uniforms for their impactful projects.** The high-performance rash vests, made from recycled ocean plastics, provide essential sun protection for SECORE's teams while aligning with their mission to protect marine ecosystems.
- This collaboration symbolizes the shared commitment between OCEANR and SECORE to make a meaningful impact on our oceans.

Why

OCEANR

- OCEANR partnered with AB Dive, a premier dive center, to design **custom uniforms and a retail collection for their staff and customers**. The uniforms, crafted from recycled plastics, offer durability and comfort, perfectly suited for the demanding environment of scuba diving.
- The collaboration also extended to a retail line, allowing AB Dive customers to wear sustainable, high-quality apparel while supporting marine conservation.

MARK BEELEY, HEAD OF ATV & MARINE FOR SUZUKI GB SAID,
“We are thrilled to be able to launch this exciting new campaign which we believe can help make a real difference to our oceans. As we know, plastic pollution is a huge problem, and it is through collective and collaborative action such as this that will have the biggest impact.”

WHAT DRIVES OCEANR'S COMMITMENT

Our **People**, Our **Products** and Our **Planet**.

100% FAIR WAGES

While most companies focus on the lowest price for their product - we sacrifice profit to ensure the best working conditions for our People.

RECYCLED & ORGANIC MATERIALS

We use certified materials across our range and make this accessible to brands who can't meet large MOQs.

TAKE BACK PROGRAMME

To tackle textile waste.

LIFE CYCLE ASSESSMENT

We run a full analysis across our product range, so you know the environmental impact of each garment.

CARBON OFFSET

We contribute to reforestation efforts by planting mangroves, helping restore ecosystems.

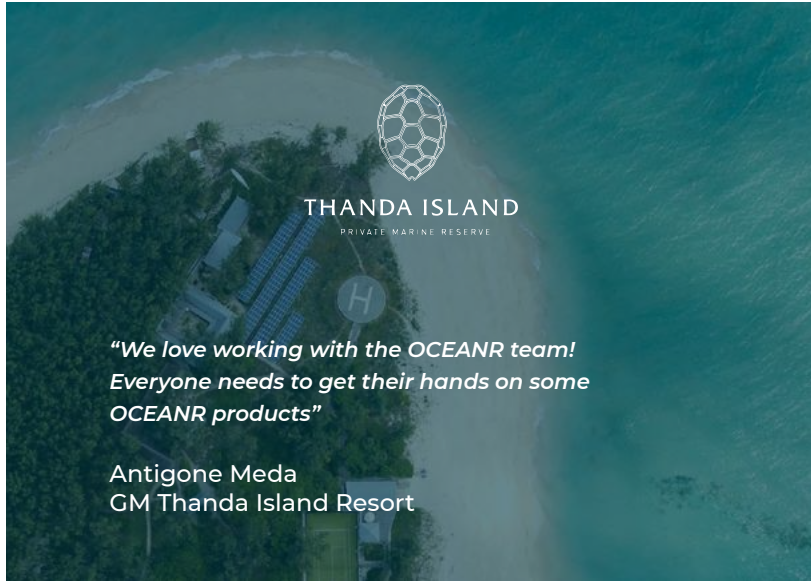

OCEAN PROTECTION

We actively support cleanup projects worldwide, working toward a future with plastic-free oceans.

REVIVE OUR OCEANS

Every purchase helps fund our mission to remove 250,000 kilos of ocean waste by 2030.

WORKING TOGETHER TO REVIVE OUR OCEANS

Since founding OCEANR, our mission has always been to actively contribute to plastic-free oceans by supporting various cleanup projects around the world. Between 2018 and 2024, we've successfully funded the removal of 42,000 kilos of plastic.

In partnership with Enaleia, we supported one of the largest marine cleanup initiatives in the Mediterranean, removing significant amounts of ocean waste each year. By working directly with fishers, Enaleia prevents plastic from re-entering the sea and advanced ocean conservation, engaging hundreds of fishers across regions like the Mediterranean and Kenya.

Going forward we've decided to work with Plastic Fischer, the world's first organization to stop ocean plastic pollution at one of its major sources - the rivers. Together, we're committed to removing as much plastic as possible, starting with a goal of 25 tons in 2025.
