WHAT DRIVES OCEANR'S COMMITMENT

WE ARE OCEANR

Our **People**, Our **Products** and Our **Planet**.

100% FAIR WAGES

While most companies focus on the lowest price for their product - we sacrifice profit to ensure the best working conditions for our People.

RECYCLED & ORGANIC MATERIALS

We use certified materials across our range and make this accessible to brands who can't meet large MOQs.

TAKE BACK PROGRAMME

To tackle textile waste.

LIFE CYCLE ASSESSMENT

We run a full analysis across our product range, so you know the environmental impact of each garment.

CARBON OFFSET

We contribute to reforestation efforts by planting mangroves, helping restore ecosystems.

OCEAN PROTECTION

We actively support cleanup projects worldwide, working toward a future with plastic-free oceans.

REVIVE OUR OCEANS

Every purchase helps fund our mission to remove 250,000 kilos of ocean waste by 2030.

WORKING TOGETHER TO REVIVE OUR OCEANS

Since founding OCEANR, our mission has always been to actively contribute to plastic-free oceans by supporting various cleanup projects around the world. Between 2018 and 2024, we've successfully funded the removal of 42,000 kilos of plastic.

In partnership with Enaleia, we supported one of the largest marine cleanup initiatives in the Mediterranean, removing significant amounts of ocean waste each year. By working directly with fishers, Enaleia prevents plastic from re-entering the sea and advanced ocean conservation, engaging hundreds of fishers across regions like the Mediterranean and Kenya.

Going forward we've decided to work with Plastic Fischer, the world's first organization to stop ocean plastic pollution at one of its major sources - the rivers. Together, we're committed to removing as much plastic as possible, starting with a goal of 25 tons in 2025.
